ATTORNEY GENERAL RULES

1¢ Sales Tax For Building New Jail Against Alabama Law

The Coffee County Commission has been officially notified by Attorney General Charles Graddick that the Commission does not have the authority to impose a one-cent sales tax for the construction of a new jail in Enterprise. The four-page ruling by Graddick pointed out that state law permits the levying of an ad valorem tax of up to 1/4 of one percent which "shall be applied exclusively for the purpose for which the same was so levied and collected."

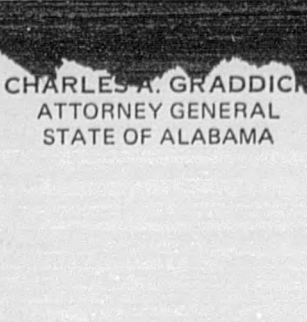

According to the opinion from the Attorney General's office, "The County Commission may levy and collect such special taxes as it may deem necessary, not to exceed one-fourth of one percent per annum, for the purpose of

paying any debt or liability against any county incurred for the erection, construction or maintenance of necessary bridges or public buildings prior to March 23, 1915, or incurred for the erection of public roads since November 28, 1901, or that may be created for the erection, repairing, furnishing or maintenance of public buildings, bridges or roads after March 23, 1915."

At the last meeting of the County Commission, former District Attorney Lewey Stephens appeared before the group and cited the laws referred to in the official opinion. He told the commissioners they would probably be faced with a law suit if they did move forward with the sales tax as had been discussed. County Attorney Warren Rowe strongly disagreed with Stephens, saying he interpreted the law to mean the Commission did have the authority to impose such a sales tax.

Graddick wrote, "Section 215 of the Constitution of Alabama 1901 is the authority which allows the Legislature to authorize a county to levy a special tax for the construction of public buildings such as jails. However, both Section 215 of the Code of Alabama 1975 provide that the taxes levied by the counties for the construction of public buildings must be ad valorem taxes, and may not exceed one-fourth of one percent of that levied by the State for ad valorem tax purposes. Therefore, it is my opinion that the Coffee County Commission does not have the authority to impose a one percent county sales tax in Coffee County."

The Commission is under a court order to present plans for the construction of a jail in Enterprise as the results of a lawsuit filed for that purpose several months ago. They are under a mandate by the Grand Jury of the Elba Division of Coffee County to bring the present jail up to federal standards or furnish plans for construction of a new jail in Elba. They have until December 1st on the grand jury mandate.

Honorable James L. Sawyer
Probate Judge
Coffee County
Enterprise, AL 36330

COFFEE COUNTY - TAXATION - JAILS

Coffee County Commission does not have the authority to levy a sales tax of 1% county wide to construct a new jail at Enterprise, Alabama.

Dear Judge Sawyer:

Your letter dated September 17, 1979, requesting an opinion from the Attorney General has been received by this office. Basically, your

Business License Due This Month

Probate Judge James Sawyer reminded business owners this week that business license became due on October 1. He urged bringing the last year's license to speed up the issuing of new licenses.

Also on sale at the Probate office once again are the annual boat registrations. Last year all boat tags had to be purchased from Montgomery, but many complaints resulted in returning the option of registering boats to the local probate offices.

The probate office in both Elba and Enterprise is open Monday through Friday, from 8 a.m. to 5 p.m., including the lunch hour. Saturday hours are from 8 a.m. until 12 Noon.

Sconyers Opens New Insurance Agency

Sconyers Insurance Agency opened its doors for business on Monday of this week with Hulon and Ann Sconyers as "chief cooks and bottle washers." The agency is located in its new home on Claxton Avenue across from Piggly Wiggly and is featuring the full-line of Cotton States Insurance.

Mr. and Mrs. Sconyers stated during the construction of their new facility and again after the opening that they were here to help the people of the area, and wanted to become an active part of the Elba business community.

Elba City Council To Meet Tonight

The Elba City Council meeting scheduled for Tuesday night was postponed until Thursday night (tonight) due to several members of the council having conflicts. The meeting will be held today at 8 p.m. The main order of business will be the approval of a budget for the coming year.

Four Men Chased From Store Thursday A M

Four black men were interrupted early Thursday morning as they removed money, food, etc. from the Elba Piggly Wiggly. Elba Policeman Max Hooks was on routine patrol when he discovered the men in or near their car in the pre-dawn hours last Thursday. They were behind the Piggly

Vigilantly when he pulled his patrol car up in front of their auto, the four quickly backed up and drove out another way. They left the store parking lot, shot down a one-way street, turned East on Simmons Street and through downtown Elba. After crossing the Pea River bridge driving East with Hooks in pursuit, the car turned South on the Samson Highway. Hooks told The Elba Clipper on Thursday morning that he saw their tail lights once after he topped the first hill and when he topped the next hill, they were nowhere to be seen.

The thieves gained entrance through a fan vent on top of the building, and as shown in the accompanying photograph, tore through the locked door from the compressor room into the main storage room of the store. They spent a considerable time in the store, judging by the evidence of half-eaten bunches of grapes and the drinks consumed.

A relatively small amount of money was taken from a small bad-checks box, as was some meats and other food stuffs. Elba police and sheriff's department officials recovered the check book, the food packages, etc., and took them to the lab for fingerprint testing. No arrest had been made at press time.

The intruders left two notes to store personnel. Both were scrawled on the doors of coolers inside the store room. One urged the workers not to call the cops, "cause I just came in to use the restroom." The other consoling management not to worry - "The well-fair will pay for my damage."

Girls Compete In Dothan

Rachelle Bozeman, Miss Elba, will represent Elba in the National Peanut Festival Pageant in Dothan this week. Rachelle is a senior at Elba High School, and is the daughter of Mr. and Mrs. Weidon Bozeman.

Pageant competition is as follows:

- Swimsuit and "My Favorite Sport" - tonight (Thursday), October 18, 7:30.
- Pageant Finals - Saturday, October 20, at 7:00 p.m.

All pageant events will be held at the Dothan Civic Center. Tickets are available at the Civic Center Box Office.

Forty girls will be competing for the title of Miss National Peanut Festival.

The contestants are judged on poise, swimsuit and evening gown competition, communication skills, "My Favorite Sport" competition and an interview with the judges. In the new division of "My Favorite Sport," each contestant will wear a complete costume depicting her favorite sport. She will also write a short narrative explaining why this is her favorite sport.

Rachelle Bozeman

Lisa Lindsey

Deadline Nears For Rural Water Sign-up

Mrs. Irene DeVaughan is town with Water and Electric adviser Cleo Hawkins, as they discuss the progress on sign-up for the Elba water line extension.

Mrs. DeVaughan and W & E Chairman Charles Hayes said last week that time is running out on the sign-up, and if the necessary names are not received by November 13, (second Tuesday), he will re-open the problem to the board members along with the fact that Farmers Home has withdrawn the necessary loan funds.

Representing Elba in the contest was Little Miss Lisa Lindsey, daughter of Mr. and Mrs. Jack Lovorn.

Last year Miss Molly Mizell of Ozark was chosen from 45 contestants as "Little Miss Peanut." Molly is the eight-year-old daughter of Mr. and Mrs. Jack Mizell. She enjoys dancing, piano and art lessons. Molly has enjoyed her reign, and said the most exciting event was meeting Governor Fob James.

Several months ago Farmers Home (FHA) approved an \$800,000 low-interest loan to extend the Elba water lines to areas outside the city limits. At present, plans are to serve all areas in the original program; but if the promised sign-ups are not completed, certain areas could be cut, or the whole program dropped.

Mrs. DeVaughan has personally contacted every family in the proposed area, and will return to those needing to sign the forms. She can be reached at 894-5816, day or night, or by calling the Elba Utility Department at 897-2251.

Hayes said, "We want to serve these rural areas with the badly-needed water, but we must have the \$20 deposit and water agreement signed before the loan money will be approved."

Four Men Chased From Store Thursday A M

Four black men were interrupted early Thursday morning as they removed money, food, etc. from the Elba Piggly Wiggly. Elba Policeman Max Hooks was on routine patrol when he discovered the men in or near their car in the pre-dawn hours last Thursday. They were behind the Piggly

Vigilantly when he pulled his patrol car up in front of their auto, the four quickly backed up and drove out another way. BRAINSTORMS

WITH FERRIN COX

Ye old editor stops in quite regularly at Jake Morrow's peanut warehouse to talk fishing or to just mind someone else's business. During this time of year they are all real busy and there is a lot of extra help. Well, Wayne White and Gloria Moseley are always cooking up some choice tidbits and feeding both fellow employees and the farmers passing through. I have often heard about these two ladies' great ability in the kitchen, and often invite myself to sample these tidbits. Recently we had an agreement that they would call me if either one cooked some more chocolate candy and I didn't show up on my own. I meant for that to cover birthday cakes also, but Wayne had a birthday recently and Gloria furnished the cake, and yep, I didn't get the word until two days later... Happy Birthday, Wayne!

We did enjoy the Elba win over Troy Friday night. It was an intense game with both teams smelling championships. The emotions were high on both sides, and unfortunately, some folks didn't leave their hurt feelings on the ball field. There was criticism on both sides, of poor officiating, etc., fans got into a scrape or two with opposing fans, and it was all capped with vandals breaking into a Troy band bus. We saw two well-trained ball teams display their desire to win. Either is capable of representing this district in state playoffs (and either could well be selected).

We had prior knowledge of the information Lewy Stephens presented to the Coffee County Commission last week, but were a little surprised he went to the meeting and got into a debate with them over the matter. Having been informed of the meaning of the law and knowing of the request for an attorney general opinion, we understood "these in the know" were not going to say anything unless the commissioners moved without a ruling. However, he went and he was challenged; but now the ruling has been issued and Lewy is right. Now the commissioners, who had prepared themselves for a sales tax without a vote of the people, must put on a property tax for jail construction, go to the people for some kind of vote on a tax, or pull a rabbit out of their hat. All this right before election... maybe they will back up next time.

We liked to see growth in Elba, and this week something else we added when Hulton and Ann Scoville opened their new Cotton States Insurance Agency here. We welcome them to Elba and hope the other insurance agents will divide with them, and they generate enough new business to make everyone happy.

Dykes Rushing was my speaker for Rotary Club Monday, and gave an update on the proposed connector road. As he said, however, dropping gasoline sales are cutting the amount of money available for highway work at a time when prices continue to rise.

My neighbor, M. J. Lee, was fishing last week with some friends and came home with a big fish. He didn't let us take his picture because he didn't want anyone knowing about his new "hot spot." M. J. has retired, and is fishing some of his old haunts, plus developing some new ones. Before I could even get him exactly where he caught this whopper, M. J. made the firm statement he didn't want anyone to know where he and Hazel were fishing that day. However, he did admit he was fishing with a plastic worm.

Ms. Mills Honored In Book

Ms. Dolores Mills has been selected for inclusion in the 1979-80 edition of "Personalities of the South." This recommendation was brought forward after extensive review of Ms. Mills' past achievements and outstanding service to community, state and nation; and as an accomplished member of the Cosmetology field.

Ms. Mills resides on Rt. 3, Elba, and is the mother of three children - Gary, Larry and Lynn Mills.

Letter To Editor
It is time to say "we thank you" for the numerous ways in which you have helped the Elba community. We thank you for your paper, giving support to them. We thank you for the Bible we find that ten had been helped in one instance and only one said, "Thank you."

We wish you could have seen the pleasure shown in the faces of those who told of the delicious figs enjoyed by them. It was this I wanted to hear about as they told how much they wished we could have been there to share the pleasure with them. Those who gave out of their abundance of vegetables, I am sure, received the greater reward.

This kind of love is what made the bazaar of last a success, and when Christmas came, and the perfect Christmas tree lighted, under it lay waiting a beautiful package for each one, which held a lovely, useful gift. It is the people all over the county and the city who give us the love and the love that we need. We never hear them complain about what they did for us long years ago, but instead we hear, "We thank you and love you so much for loving us now."

November 3 will be the biggest bazaar day yet held in Elba or any other nursing home because all the people who plan to bring something to the bazaar are planning to bring someone with them. I am as happy over this as I was watermelon and fig time. It seems harder to wait for than to wait for Santa Claus, because I know that Santa Claus loves helpers and the great day will be when all his helpers come riding in from north, east, south and west. All the surrounding towns, people tell us about how clean the home is and how enjoyable the radiant lives are as they work and play and worship together. It is called a wonderful place. You make it a wonderful place 365 days each year.

Be sure to call 897-2257 and tell Lorene you will be there, rain or shine, and she will do a better job than Rudolph the red-nosed reindeer in guiding you to the right table for any part you long to play on this great day.

Goodbye until we see you on November 3.

The annual Homecoming 7-Shape Singing will be held at the Brookline Methodist Church, six miles east of Opp, on 3rd Sunday, October 21, 1979.

Elba Middle School Report

BY CHRIS COX
About a month ago, my daddy (publisher of The Elba Clipper) asked me if I would be willing to write a weekly column in the paper. At first, I was reluctant to say yes or no. But when he found out that I would be paid, I said, "Sure!" So, here it is!

The 4-H club in the Middle School organized Tuesday, October 16. Each class has its own organized club, and officers elected by the class. The officers elected by each club were a president, vice-president, secretary, reporter, devotional leader and 2 song game leaders. Each club also chose projects for the year. Four-H Assistant Agents Angela G. Hughes, Jack B. Tatum, Jr., and all the leaders were there to help everyone get organized.

Last Wednesday, October 10, was the end of the first six weeks. Report Card day. There were many anxious people before the reports were given out. But, if everyone was like me, it wasn't near as bad as we had expected.

Quoting Dewey on his mother, he said, "I think, like probably everyone else does, that my mother is one-in-a-million! She kept Maxine in our home for 30 years and with all the extra help and care Maxine needed, she still found the time to care for the rest of us and take care of our needs and demands. She reared us in a loving, Christian atmosphere. I just think it is remarkable that she was able to do all she did, and still maintain her health and sanity."

And, may we add, right here, that we agree with her son's assessment of her. It takes a STRONG person, with the help of God, to survive these tragedies which Mr. and Mrs. Barnes have faced during their 50 years together, and they are, in a word, SURVIVORS!

Maxine, as we've stated

PASTOR'S CORNER

REV. C. L. DYESS
PASTOR ELBA CHURCH OF GOD

In John 1:46 Nathaniel asked the question, can any good thing come out of Nazareth? There are many questions being asked today, is there any good left in the land? Should this question be in your mind, I like Philip say come and see. Learn of a man who knew no sin and neither was there guile found in his mouth. The prophet Nahum spoke of him as being good, a strong hold in the day of trouble; and he knew them that trust in him.

David said in Psalms 25:8, Good and upright is the Lord; therefore will he teach sinners in the way.

Psalm 33:5, He loveth righteousness and judgment; the earth is full of goodness of the Lord.

Psalm 34:8, O taste and see that the Lord is good.

Isaiah 63:7, I will mention the lovingkindness of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel.

The great prophet Jeremiah

asked the question, can any good thing come out of Nazareth? There are many questions being asked today, is there any good left in the land? Should this question be in your mind, I like Philip say come and see. Learn of a man who knew no sin and neither was there guile found in his mouth. exhorts the people to, praise the Lord of hosts: for the Lord is good, Jeremiah 33:11.

David speaks of the Lord as his rock, and his fortress and his deliverer. I Samuel 22:2.

Psalm 112:1, I will say of the Lord, He is my refuge and my fortress; my God; in him will I trust.

Yes, there is still good in the land. The mercy of the Lord is still present and still doing good.

On Tuesday, October 9, at 10 a.m., 39 members of the Young-In-Heart group of First Baptist met at the home of Mr. and Mrs. Flounoy Whitman.

Fishing, games and other fun and fellowship were enjoyed before a bountiful meal was spread, including fish, which were furnished by Mr. and Mrs. Robert Holliman.

Before the meal, scripture was given by Mr. Holliman, with prayer by Dr. Vaughn.

This was certainly a time of enjoyment by all, and everyone wants to say thanks to Mr. and Mrs. Whitman for opening their cabin and pond to them.

Mr. and Mrs. Holliman furnished the fish; Mr. Whitman, Mr. Cecil Bowdoin and Mr. Charlie Parich cooked and prepared the fish.

The efforts of these, and others who furnished help in preparation, made the occasion a very happy one.

The next meeting will be on November 13 at 10 a.m. at First Baptist Church.

Anyone is invited to join the group and enter into the enjoyment shared.

Family Life Conference At First Baptist

A Specialized Family Life Conference will be held at the Elba First Baptist Church beginning Sunday, October 21, and continuing through Wednesday, October 24.

Dr. Kenneth Bush, pastor of the First Baptist Church of Montezuma, Georgia, will be leading in the conference.

Dr. Bush is a native of Sanford, Alabama, and holds a Doctor of Ministry degree from Southern Seminary in Louisville, Kentucky. He is married and has three children, ages 12, 9 and 6.

Schedule of activities is as follows: Sunday, October 21, 7:00 p.m. - Fellowship for everyone. Message related to the family.

8:00 p.m. - Fellowship for all young people in the fellowship hall.

Monday, October 22, 10:00 a.m. - Coffee for all the women of the church.

7:00 p.m. - Fellowship for all parents who have children at home.

Tuesday, October 23, 12:00 Noon - Luncheon for all the men of the church at Holley's Restaurant.

6:00 p.m. - Supper at the enjoyment shared.

Wednesday, October 24, 7:00 a.m. - Early morning worship service for everyone.

6:30 p.m. - Family Dedication Service in the auditorium (following the family night supper at 5:45 p.m.).

All persons are invited to attend any activity applicable to their situation.

Pre-registration is necessary for attendance at some of the meals, and those desiring to register should call the church office.

Decie Spurlin Circle Meets At Westside Baptist Church

The Decie Spurlin W.M.U. Circle met Monday afternoon, October 8, at Westside Baptist Church. The topic for this month's program was "Current Missions Group."

Mrs. Edwin Lord, program chairman, included a group activity pertaining to the objectives of the Home Mission Board. This was followed by a panel discussion and the subject was "Looking Back from 1999" in which Mrs. J.D. Lowery, Mrs. J.P. McCall and Mrs. Mary Helms participated.

This was a most enlightening program. During the business session, plans were made for donations and preparation of Christmas gifts for the Elba Nursing Home and the New-ember Gift Box for the church.

Mrs. Mary Helms read the scripture and Mrs. Edwin Lord in prayer for the mission-hall.

The following members were present: Mrs. Bill Bullard, Mrs. Prude Goodson, Mrs. Mary Helms, Mrs. Lillie Johnson, Mrs. John Lowery, Mrs. Fred Parker, Mrs. Edwin Lord, Mrs. J.P. McCall, Mrs. Catherine Harper, Mrs. Sara Morrow and Mrs. Melvin Senn.

Cliff Boutwell, Mrs. Bill Bullard, Mrs. Prude Goodson, Mrs. Mary Helms, Mrs. Lillie Johnson, Mrs. John Lowery, Mrs. Fred Parker, Mrs. Edwin Lord, Mrs. J.P. McCall, Mrs. Catherine Harper, Mrs. Sara Morrow and Mrs. Melvin Senn.

Peoples Bank Wins Decoration Certificate

The Chi Alpha Mu Jr. Math Club sponsored the recent window decoration contest for local merchants for Homecoming. Certificates were presented to first, second and third-place winners.

Club president, Sherri Kennett, presented the first-place certificate to Skip Rainer of The Peoples Bank.

Recipients of second and third-place awards were City of Elba and Wise's.

NOTICE OF MORTGAGE FORECLOSURE SALE

WHEREAS, Ethel Ridesau, Jr. and Lucille Ridesau, husband and wife, executives to National Security Insurance Company, an Alabama corporation, on the 21st day of November, 1966, a Mortgage upon the real estate hereinafter described to secure an indebtedness described therein, said Mortgage being recorded in Mortgage Book 40-A, at Pages 357-358, in the Office of the Judge of Probate of Coffee County, Alabama, at Elba, Alabama; and WHEREAS, default has been made by the Mortgagors in the payment of the indebtedness secured by said Mortgage and in the performance of the terms of said Mortgage and said default continuing;

NOW, THEREFORE, National Security Insurance Company, a corporation, the mortgagee and owner of said Mortgage, will sell, under and by virtue of the power of sale contained in said Mortgage, at 11:30 o'clock A.M., on Thursday, October 18, 1979, at public auction, to the highest bidder for cash, in front of the Courthouse door of Coffee County, in the City of Elba, Alabama, the real estate embraced in said Mortgage described as follows:

One lot or parcel of land lying in and being a part of the NW 1/4 of SW 1/4 of Section 12, Township 5 North, Range 19 East, and being more particularly described as follows: Commencing at the point where the East line of NW 1/4 of SW 1/4 of Section 12, Township 5 North, Range 19 East (which line is also the line between lands of Ardis Williams and Tillman Lindsey), intersects the North line of the Elba-Curtis Paved

Road which runs through said forty, and running thence in a westerly direction along the North right of way line of said road a distance of 550 feet to the point of beginning of the parcel herein described; thence continuing in a westerly direction along the North right of way line of said road a distance of 105 feet to a point; thence running in a northerly direction perpendicular with the North right of way line of said road a distance of 210 feet to a point; thence running in an easterly direction along a line parallel with the North right of way line of said road a distance of 105 feet to a point; and thence running in a southerly direction a distance of 210 feet to the point of beginning of the North right of way line of said road. Said parcel of land containing one-half acre, more or less, together with the hereditaments and appurtenances thereto belonging.

Noted said sale, and any conveyance made in consummation thereof, will be made subject to any existing Federal tax liens, if any, and/or special assessments, if any, which might adversely affect the title to subject property.

Said sale will be made for the purpose of realizing the Mortgage debt, together with all expenses of this sale, including a reasonable attorney's fee.

Z.C. Band On The Move

BY: MARY DAVIS AND
SANDRA MOBLEY

The 1979-80 school year has started out very progressively. So far 32 students from the 5th through 12th grade have joined the Z.C. Band. The band is now a total of 62.

In the Elementary Beginner Band they have 14 students. These are students in the 5th and 6th grades who are now learning to play the instruments they have chosen. Also in the elementary school we have an advanced band with seven students. These students are starting their second year of playing.

We also have a high-school beginner band with eighteen students who are in the 7-12 grades. They are also just learning how to play the instruments they have chosen.

The high school advanced band has 23 members. Eighteen of these are marching. The marching band had their first performance Friday, October 5, 1979, at the Homecoming game. This was the first time in 12 years that a Zion Chapel band has marched. It was well received. They have also played at all home games this year.

The band has much more to work toward. They are planning to play at the rest of the regular season football games and at the State Playoff games. They have plans for several

concerts between the end of football season and spring. They also plan to buy band uniforms for next season.

The Band Boosters organization has spent approximately \$6,000 to equip the band with instruments and supplies. This organization sponsors many fund-raising projects throughout the year.

A Cheerleader's Week

BY: LISA AMMONS

Monday mornings are almost always drab and dreary for the average student, but not for a Zion Chapel cheerleader.

On Mondays, they start building up spirit for the next ball game. We begin to make posters, which are put up on Wednesday or Thursday mornings.

Our pep rallies are held during second period on Friday so that the students who go to the Area Vocational School in New Brocton can attend to show their spirit, too.

Each Friday morning, the pep rally begins with the 1979-80 Rebels entering the gym to the tune of DIXIE, played by the band. For the next 25 minutes, the cheerleaders cheer, Coach Collins talks, and we have a spirit yell for the Spirit of '79 stick and poodle.

The winner of the Spirit stick and poodle not only keeps the stick and poodle in their room until the next pep rally, but also receives a box of miniature spirit sticks or peppermint stick candy.

After the pep rally, the cheerleaders' attention is turned to the ball game to be held that night. During the game, the cheerleaders promote the crowd's spirit and together with their own, we cheer the Rebels to yet another victory.

Little Rebels Drop Two To Elba

The Zion Chapel Rebel Pee Wee and Termites football teams hosted the Elba Red Devils Saturday night, October 6, at Zion Chapel.

The Termites fought a hard defensive battle with Elba winning 6-0 in the second overtime.

The Pee Wees' game was also a defensive battle with Zion losing 6-0. Zion's playing was handicapped because of injuries to two key players.

However, a group of healthy fired-up Rebels will travel to New Brocton for their next outing on October 13.

Coffee County's Junior Miss

Sunday, September 16, thirteen senior high young ladies gathered for the first time to register as contestants for the 1980 Coffee County's Junior Miss. At this meeting four practices were scheduled at the Jen-Deb Dance Studio for three hours each Tuesday and Thursday night for two consecutive weeks.

The weeks of hard work and of being nervous came to an end on October 6 when each contestant began her ten-minute interview with three judges, which was worth a total of 35 points. After all the girls had been interviewed, they were treated with a steak dinner at the Western Steak House. An introduction of each judge, contestant and Enterprise Jaycee who participated was conducted after the luncheon.

Each girl was individually spotlighted during the next portion of the contest, which was talent. Each girl presented a routine lasting between 90 and 120 seconds; anything over 120 seconds was completely disqualified.

Finally, at 7:30 that night, all thirteen girls performed three separate routines before the judges and the audience. The opening number routine was designed to acquaint the audience with the girls, to let the audience know where

each girl was from; but most importantly, to loosen up the girls for the following event.

Next came the physical fitness portion of the evening; the second of three routines was presented by the contestants. This dance selection was designed to show the judges exactly how physically fit each girl was. Endurance was the name of this game.

At last came poise and appearance; each girl's grace and beauty were judged. The final routine was an unusual ambulatory dance which wowed up the evening, except of course for the crowning of the queen and her 1980 court.

Views From

The Pressbox

By: Ricky Malzer Sports Editor

What a win! The Elba Tigers claimed their biggest win of the season last week by defeating Troy, and the game was as emotional as last year's upset of Andalusia. The coaches and players had put in a lot of long hours getting ready for the game, and it showed, as Elba's offense moved up and down the field and converted on 7 of 8 fourth-down plays. It was a maximum effort by all the players, and it proved that the Tigers can play as good as anybody when they want to. Now, we've got to keep it up and win the rest of 'em!

It was easy to spot outstanding performances in the game, and I guess I could simply say everyone played great. However, a couple of performances did catch my attention that I'd like to mention. Glen Johnson proved to be a real defensive weapon with his kickoffs. Glen had 2 kicks carry into the endzone, and all his boots were deep. Don Horstead ran hard (as always), but a play that especially caught my eye was a crumpling block he made to spring Bobby English for a big gain on Elba's game-winning drive. He's a total player!

Bobby English picked up good yardage and looked like a "battering ram" as he broke many tackles, while Alan King made some excellent fakes to open up running room for himself. The entire offensive line did a job on the Troy defenders, and the wide receivers buried the Trojan defensive backs on almost every play.

On defense, Doug Daniels flexed his muscles and played his best game ever. Doug has good size and I think he's decided to start getting tough. Eddie Coleman took some shots at times from Troy's big backs, but never showed down and kept on coming the entire game, as did Chris English, who made some big open field tackles. Stewart Bane caused and recovered a big fumble, and dumped the quarterback on a key third-down play to catch the eye of everyone watching.

Everyone played well, and deserves credit for doing his best! I read the Troy Messenger's report on the Elba-Troy game, and was shocked at the biased reporting. The paper stated the difference in the game may have been that it was played "in Elba," and this caused the crucial calls to go against Troy. The article was in poor taste, and in my opinion, should not have been published. Troy has a fine team, and everyone in Elba will agree they are the best team we've faced. However, I think we have a good team and deserve to win. The Troy paper didn't give us credit for winning, and didn't even mention our name in the headline, which read "Breaks Fall Against Troy."

Losing is always a disappointment, but it is a fact of life, and should be looked on as a challenge to do better. I would like to congratulate all of Troy's players for playing a good game, and it's a shame poor reporting hurts their image.

I listened to a replay of the Elba-Troy game on WELB, and thought it was funny when Elkin Williamson (or someone else in the pressbox) got so excited about an interference penalty late in the game that he jarred the microphone. The closing minutes of the game were almost inaudible, but I'll excuse him because everyone gets excited!

I went to a horse show on Saturday night, and I mean a fancy one, complete with organ music and girls in evening gowns passing out ribbons. I didn't know what the judging consisted of, but I did agree on most of the results. I enjoyed watching the fans almost as much as the competitors, and listened when they would yell, "There's your horse, Judge," or "Number 127, Judge."

I did enjoy the show, and once I moved away from the dusty place my chair was on, I could see what was going on.

New Brockton surprised a lot of people by beating Zion Chapel so bad, but I guess the Gamecocks are for real. Coach Boutwell has worked his young men hard and has taught them well, as is evident by their perfect record. Okay, Gamecocks, keep it up and try to post an unbeaten 10-0 record.

Surprises -- there were a few last week and here's what I jotted down:

***Andalusia scored 23 points in the final 6 minutes to dump Ashford 42-6 and get back on the winning track;
***Daleville is improving, and gave 2A toughie Headland a good game before falling 7-0; and
***Oakz won its second game by upsetting Prattville 14-9.

Ye ole Polish Prognosticator hit on 24 of 31 last week and was proud to claim a miss in the Elba-Troy game. The crystal ball is a little fuzzy, but here goes...

ELBA vs. ASHFORD
The Tigers could be looking ahead a couple of weeks, but don't bet on it. Coach Wood is taking 'em one at a time in their count-down to state!

Elba 20 Ashford 8

KINSTON vs. HIGHLAND HOME
The Bulldogs will be flying high, while the Flying Squadron got shot down last week and could have trouble regrouping. However, they might be too much to handle!

Highland Home 20 - Kinston 6

COFFEE SPRINGS vs. ARTON
The Golden Bears have a lot of pride and that could carry them in their tough remaining games. Upset of the Week!

Coffee Springs 22 - Arton 20

Elba Tigers Journey To Ashford In "Must Win" Area Match-Up

The handwriting is on the wall for the Elba Tigers after last week's big win over Troy, and the players know what they must do. If the Tigers defeat Ashford and Andalusia, they will be practically assured of a spot in the state playoffs, a loss to either team and the chance for a spot is gone!

"We feel like Ashford has one of the top teams we've played, as far as material and strength," said Elba's Coach Mack Wood. "and they've improved 100% since early in the year. On offense they run a veer wing, and like to use quick pitches and outside veers. They have two good running backs - a small, quick one, and a big strong one - and some real big linemen. On defense they are very, very strong. They put a lot of people on the line and confuse your blocking scheme. They are very aggressive on defense and really get after folks. They

have a good, solid football team that is coming on strong."

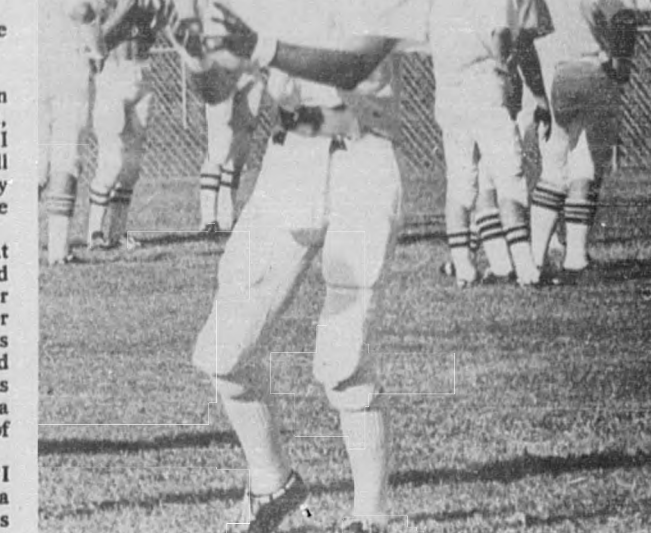

"If we're going to win," added Wood, "We have to keep up where we are and improve. We have to play as good as we did last week, and better. The game is on the road, and it's tough on the road. Our defense will have to keep being aggressive, and have all 11 men working together. It's going to be a

mighty tough game, I assure you."

Looking back to the win over Troy, Coach Wood stated, "We played better than I thought we could. The boys all gave it all they had on every play, and the whole team gave 110%. The players did it!"

"Our interior line had great effort on every play," added Wood, "and they did a super job. We made Troy work for every yard they got, and it was the effort of the boys that did it. Troy was just as good as we thought, and they have a class team with a lot of character."

In closing, Wood said, "I did a foolish thing and got a 15-yard penalty, but the boys won in spite of me, and I'm as proud of 'em as I can be."

Elba receiver Chris English practices as the Tigers prepare for Friday's game against Ashford.

Elba Tigers Dominate South Alabama Conference Statistics

The South Alabama Conference has released the football statistics for the week ending Sept. 28, and the stats reveal that players from Elba High rank high in practically every category.

In rushing, Elba's Don Horstead leads the pack with 781 yards in 103 carries, far ahead of Troy's Buddy Austin, who ranks second with 511 yards in 58 carries; third place is Elba's Bobby English with 509 yards in 84 carries, followed by Opp's Robert Brannon (394 yards in 50 carries) and Brundidge's Johnny Jones (364 yards in 53 carries).

In scoring, Don Horstead is tops with 62 points, followed in second place by teammate Alan King, with 42 points.

Troy's Kenny Keith leads among receivers with 111 yards in 2 catches, but Elba has three receivers in the "Top 5." In second is Danny Bailey, followed by teammates Stewart Bane (6th with 18 and 7) and Doug Daniels (7th with 15 and 10).

Troy's Paul Shiver leads among linebackers with 47 tackles and 20 assists, while in 7th place is Elba's Mark Clark with 24 tackles and 10 assists. Troy's James Stringer is leading in tackles among defensive backs with 19 tackles and 20 assists, followed by Elba's Todd Westbrook in 4th with 19 tackles and 5 assists) and Chris English (in 5th with 13 tackles and 4 assists).

Highland Home owns a 4-2 record, with wins over Trinity, Dozier, Red Level and Montgomery Academy, and losses to Laverne and McKenzie. "Highland Home has a good football team," stated Rainer, "and both their losses were to tough teams. Laverne is a 2A power, while McKenzie is ranked third in the state in Class A. On offense, they are doing a pro set and like to run

the ball. They will throw the ball every once in a while to keep you honest, but their option is their bread and butter. On defense, they are big and strong, and like to hit. It will take a tremendous effort to win against such a strong team."

"For us to win," added Rainer, "we've got to get the football and keep it. I feel like we can move the ball, and pass real well, but first, we have to get it. Our running backs are beginning to compliment our passing game, and we must sustain a drive and play a ball control game. Our defense will have to contain their speed and

play tough, while our offense will have to take care of itself."

"It's homecoming," stated Coach Rainer, "but we're approaching it, as just another game. We have to keep our minds on football, and let the game be our contribution to the endzone for the first time of the night. Phil Freese added the extra-point, so with 8-54 to play in the first half, New Brockton lead 7-0."

Zion Chapel was again held on their next possession and were forced to punt. The Gamecocks put the ball in play on their own 49-yard line and wasted no time in going 51 yards in one play, as Terry Medley broke through the line of scrimmage and raced into the endzone. Freese booted through his second extra-point, with 7:09 left in the first half. Brockton stretched their lead to 14-0.

The Rebels turned the ball over on the first snap the first time they had the ball. New Brockton recovered the ball on the 30-yard line. Six plays later, Terry Medley got into the endzone for the second time, this time on a four yard run. Another Freese extra-point made the score New Brockton 21-Zion Chapel 0 with 4:30 to play in the first half.

The Rebels took the ensuing kickoff and drove from their own 23-yard line all the way to the Gamecocks' 9. Boyd Deal attempted another field goal, this time the Gamecock defense broke through to block the points.

The big play offense of the New Brockton Gamecocks struck again on their second possession of the second half. Keith Roberts made a beautiful fade into the line and kept the ball around the left end. 59-yards later, he crossed the goal line for another touchdown. The p.a.t. was again

good. With 5:32 remaining in the third quarter New Brockton 28 - Zion Chapel 0.

Neither team was able to move the ball on their next two possessions, so after four punts, Zion Chapel put the ball in play on their own 35 yardline. 14 plays later, Leslie Hussey broke across the goal line for Zion Chapel's first points of the night. The try for two was no good, so with 4:53 remaining in the game, Brockton led 28-6. Neither team threatened again, so that is how the game ended.

TIGERS TOP TROY 24-20

Named the "Football Sweetheart" for the 1979 season was cheerleader Patricia Rogers (right). The award, voted on by the football team, was presented by Teresa Smith, last year's winner.

The Elba Tigers took a giant step toward a state playoff berth last Friday night when they stunned the Troy Trojans 24-20, in front of a jam-packed crowd at Tiger Stadium.

The win upped Elba's record to 6-1, while the loss dropped Troy's slate to 4-2.

Troy received the opening kick and wasted no time in marching 80-yards for a touchdown. The big play in the drive was a 44-yard run by Barry Tucker, while the score came when Buddy Austin bulled over from 1-yard out. Todd Rainey kicked the extra-point to give Troy a 7-0 lead with 9:11 left in the opening stanza.

Elba's Don Horstead returned the ensuing kick to near midfield, but a clipping penalty moved the ball back to the 23-yardline. Three running plays netted only 4-yards and on fourth down Alan King booted a 70-yard punt that was downed on the Trojan 5-yardline. However, Troy was called for a clip on the play and Elba got the ball back on the 42-yardline. The Tigers began a bone crunching drive that would eat-up the remainder of the quarter and turn the momentum in favor of Elba. Three times during the drive the Tigers faced a fourth down and one situation, and each time Elba converted to keep the drive alive! The touchdown came on a 7-yard scamper by Don Horstead, and Alan King added the extra-point as Elba tied the score at 7-7 with 11:13 left in the half.

The Tigers long touchdown drive covered 73-yards in 19-plays, and took 9:58. Troy got the ball back on the ensuing kick, but held it for only one play, when on second down Elba's Stewart Bane knocked the ball loose from Troy quarterback Barry Tucker, and Bane pounced on the ball to put Elba back in business at the 30-yardline. An incomplete pass and a 3-yard run by Bobby English left Elba facing a 3rd and 7 situation, but Alan King responded with

Elba's Bobby English (42) follows a block by Don Horstead (33) as he heads outside for a good gain in the Tigers' 24-20 win over Troy.

a 21-yard gainer after a good fake, and the Tigers had a first and goal at the six. One play later, Don Horstead went in standing-up for a touchdown and Alan King again added the p.a.t., as Elba took the lead 14-7 with 8:20 left in the half.

Troy began a drive on their next possession and moved all the way to the Elba 34-yardline. However, on fourth down and one, the Tigers' Doug Daniels stopped Troy's Tucker for no gain, and Elba took over. Don Horstead and Alan King combined for 28-yards on 5 straight running plays, but a 15-yard penalty against the Tigers slowed the march, and left Elba facing a 3rd down and 12 at the 40-yardline. Alan King dropped a screen-pass to Bobby English on the play, and English rambled down to the 25-yardline for a first down. Troy was penalized 15-yards for a late hit, giving Elba the ball on the 12-yardline. An incomplete pass left the Tigers facing a key second down play, but Elba's Coach Mack Wood decided not to risk coming away empty-handed, and Alan King calmly kicked a 30-yard fieldgoal to up the Elba lead to 17-7 with 1:19 left in the half.

Troy still had a trick up its sleeve, and pulled a reverse on the kick-off that almost went the distance. Elba's Alvin Jones made a touchdown saving tackle on the return, and the half ended before Troy could attempt a field-goal. At halftime, Elba held a surprising 17-7 lead.

Elba received the second half kick and began eating up large chunks of yardage behind the running of Bobby English and Don Horstead. The drive reached the Trojan 19-yardline, but on fourth down Alan King was stopped for no gain and what looked like a sure touchdown drive was halted. The two rivals swapped punts on their next possessions, with Troy winding up the ball on their own 35-yardline. The hard-running Trojans moved to a first down

at the Elba 32-yardline, but a big play by Bobby Hall on third down resulted in a 6-yard loss and Troy was left facing 4th down and 12. Elba Coach Mack Wood received an unsportsmanlike conduct penalty for being on the field, however, and the visitors had new life with a first down at the 20. Troy scored on fourth down on a 4-yard pass from Barry Tucker to Kevin Ingalls, and Rainey's extra-point made the score 17-14 with 10:19 left in the game.

Elba put the ball in play on their 27-yardline following the ensuing kick, and began their biggest drive of the year! Bobby English ripped for 17-yards on first down, but three running plays netted only 7-yards, leaving the Tigers with 4th and 3. Alan King swept the right-side on an option, and dove for 5-yards and the first down. The Elba ground attack was again stopped, and facing a 4th down and 7 at the 43-yard line, Coach Wood again

decided to gamble. This time Alan King passed to Chris English, who was interfered with by a Troy defender, and Elba had a first down at the 28. The Tigers were now ready to take it on in, and got cranked-up as English and Horstead ripped for yardage. Don Horstead notched his third touchdown on a 3-yard run, and Alan King added the extra-point to give the Tigers a little breathing room at 24-14 with 5:43 left in the game. Troy wasn't about to quit,

however, and covered 81-yards in only 7-plays to score again. A big play in the drive was a 35-yard run by Jerry Beverly, while Todd Rainey made the touchdown on a 3-yard scamper. The extra-point was wide, making the score 24-20 with 5:06 left in the game. Troy attempted an onside kick, but the ball went out of bounds and Elba simply ran out the clock to post a hard-earned 24-20 win.

The Elba ground attack was awesome against Troy, led by Don Horstead with 101-yards in 21 carries, and Bobby English with 88-yards in 16 carries. Alan King added 55-yards in 14 carries.

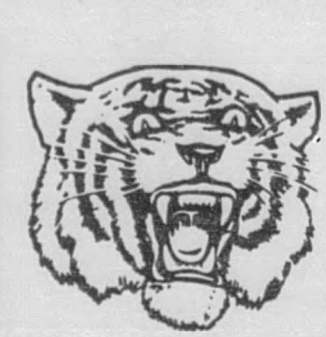

On defense, Elba was led by Doug Daniels with 8 tackles and 2 assists, and Eddie Coleman with 8 tackles with 1 assist.

Elba's Don Horstead (33) heads upfield for a big gain. Horstead gained 101 yards in the win.

Alan King (12) pulls away from a would-be tackler for a short gain.

Eddie Coleman (85) stops Troy's Barry Tucker for a short gain.

Bobby Hall (84) sacks Troy qb Todd Rainey for a loss in 3rd quarter action.

Majorie Tammie Ashe performs with the band as they celebrate following the win.

GUN SAFETY

Each year we read about someone getting injured with a gun. This is something that can be avoided with some common sense rules. The following 14 rules will help make your hunting season here in Coffee County safer.

1. Treat every gun, even though unloaded, as if it were a primed stick of dynamite.

2. Never bring a loaded gun into an automobile, camp, or house.

3. Before loading, check to be sure the barrel is free of any obstruction.

4. Carry your gun in such a way that you can control the direction of the muzzle, should you stumble.

5. Be sure of your target before you pull the trigger.

6. Never point a gun at another person unless you intend to kill him.

7. Unload all unattended guns.

8. Don't climb trees or cross fences with loaded guns.

9. Never shoot at water or other flammable liquids.

10. Never mix gunpowder and alcohol.

11. Check your background well before you shoot.

12. Do not mix cartridges.

13. Do not fire a gun that is not safe.

14. Always store ammunition and guns so that children and other inexperienced persons cannot get to them.

Doug Martin Pledges Delta Chi

James Douglas Martin, Jr., of Elba, has pledged Delta Chi fraternity at Troy State University. He is the son of Mr. and Mrs. James Douglas Martin of Elba. Male students selected to pledge the various fraternities must meet a minimum grade of Elba, has pledged Delta Chi point average of 1.0 on a 3.0 grading scale. The fraternal social organizations at Troy State have an open rush system which allows fraternities to rush and pledge prospective members throughout the regular school year.

The following property is for sale by the Trustee in Bankruptcy, Federal District Court, Montgomery, Alabama: Approximately three (3) acres of land lying at the intersection of Hwy. 231 North of Troy and Briar Hill Road, one (1) store building known as "Mamie's Bar-B-Q House and Han-D-Foods" and all restaurant equipment and inventory. Property was operated daily as a going business until closed Sept. 30, 1979 upon order of the Trustee. For details of the sale contact T. Timothy Reynolds, Attorney for the Trustee, GIBSON, BARR & REYNOLDS, Box 488, Troy, Alabama 36081.

(205) 566-1991

There's a fall nip in the air. And Americans are prepping up for a colder winter with lower-set thermostats.

If thermostats are set at 65 degrees Fahrenheit and water heater temperatures at 150 degrees, Americans could save up to 400,000 barrels of oil a day, says the U. S. Department of Energy.

Just as important as lowering thermostats is cutting heat loss, says the American Lung Association. And windows are a weak link in the energy conservation war. Even with weather-stripping and double-paned windows, heat inside a home escapes through the glass. Conversely, cold air seeps in from the outside. A double-paned window loses heat six times faster than an insulated wall.

Manufacturers of window "quilt," which can be rolled down over the window in freezing weather, claim the thermal cover can seal the escape hatches for heat and slash heating bills in half.

Some communities are cracking down, insisting that everyone cooperate in conserving energy and insulating their homes and businesses. In Portland, Oregon, a citizen's task force—which included home builders, home owners, bankers, utility company representatives—developed a plan to cut energy use by 30 percent. According to the proposal, home owners would not be permitted to sell their houses in five years unless insulation, storm windows and other improvements have been made. Similar rules would apply to businesses.

The proposed regulation would include energy audits for all homes and businesses. It would set up new zoning regulations to protect each home's access to solar exposure. I view this as a national model," says Martin Hemphill, the city's energy advisor. "It is the most comprehensive document in the county."

One added benefit of energy conservation is a reduction in air pollution, says the American Lung Association of Alabama. **THE CHRISTMAS**

NEWS from your PHARMACIST

By Kris Scarborough

Parents should refrain from administering a laxative to a child who complains of abdominal pain, accompanied by nausea and a fever. These symptoms can be a warning of appendicitis or of some other serious medical problem. The best thing to do in the case of vomiting and stomach trouble is to contact your family physician.

Many other conditions can bring on the above-mentioned symptoms, but you never know for certain until you receive a diagnosis from a medical doctor. This is not to say that laxatives are not a medical aid. Laxatives are helpful to children and adults when needed.

Commissioners Again Fail To Solve Jail Problem In Coffee County

Mannie Warren, Christy Sauls, and Shea Oglesby become an enthusiastic part of the "Halloween Scene," as they wonder what's in the Witch's Brew. It's all part of the decorations of the season at the Elba Elementary School.

The Coffee County Commission met in regular session on Monday, October 20, at the courthouse in Enterprise, and conducted a lengthy discussion on pending legal action against the Commission by the Elba Grand Jury and Judge Gamble.

"We are under a court order to build a new jail in Enterprise," said County Attorney Braxton Rowe, "while if you are indicted by the Grand Jury you have a right to appeal. You're nearer to reporting to Judge Gamble than you are the Grand Jury. The more urgent matter is the court order - you need to clear it up first."

"We have to meet with the Grand Jury on December 3," said Commissioner Jack Hornsby, "while the date to meet with Judge Gamble is December 27. We could already be indicted before Gamble gets hold of us."

"I think we need to ask the State Association of County Commissioners to help us find out where funds may be obtained," said Commissioner Bennie Beckham, "and we need one to solve our legal problems. I don't see how we can tax the people to build 2 jails and 2 courthouses. I don't care if we build one set-up in 'Chittin' Switch,' but we do need one. I do not endorse any city as a possible site, but I do say we need one courthouse and one jail."

"Just let me know what kind of tax we can pass by December 3," Commissioner Hornsby instructed. Rowe, "and I'll make a motion to put it on. We've got to get the money, and if it is the only way, by golly, I say let's do it."

"I'm in a position I'm not comfortable with," added Beckham, "and I think the people should get to vote. We're damned if we do, and damned if we don't."

Mr. Moore later sent word he would be completely out of the garbage business by November 1, and the Commission agreed it would meet the needs of the rural residents.

Mr. Harold Andrews spoke to the Commission and stated, "I live on Highway 40 near the new dump, and would like to know if I could get an agreement stating the dump would not affect the quality of my water. I don't mind the dump being there - I'm just afraid it will ruin my water."

The Commission assured Mr. Andrews the landfill would not harm the environment, and told him that Health Officer Richard Brown would meet with all the residents involved and answer all questions.

Commissioner Don Smith summed up the feelings of the Commission by saying, "We've got to do something," but the Commission again did nothing, and now has two meetings left before a December 3 date with the Grand Jury and possible indictments.

Monday's meeting actually began at 10:00 a.m. with all commissioners present. The day's first order of business was to open bids on plant mix to be used on County Road 30. Bids were: \$7,012.50 from Couch Construction; \$5,325 from Wiregrass Construction; and \$4,575 from S & C Materials and Paving. The Commission accepted the low bid.

Mrs. William Backert addressed the Commission about garbage pickup problems in Heritage Heights Subdivision off Rucker Boulevard, near Enterprise. Mrs. Backert reported the residents in the area were receiving unsatisfactory service from Frank Moore (Solid Waste Enterprises) and presented a petition with 55 signatures requesting the county pick up the garbage on a once-a-week basis for \$4.50 per month. The Commission reported the audit division was outside any city limits, it would expand garbage pickup service to the area.

In other action at Monday's meeting, the Commission:

- Was told Leary & Owens Construction Company was offering a 10% discount on repairs for the remainder of the year.
- Was instructed to modify garbage bins so they cannot tip over.
- Was told representatives of the National Institute of Corrections would come and tour the jail on October 30 and attempt to help solve the county's growing jail problem.
- Was instructed to pay Custom Pools \$2,536 for the installation of sunbrite fumes.
- Was instructed the county engineer to transfer 125 tons of stone from each district to build a road to the new landfill.
- Was told 240 households had signed up to dispose of their own garbage, while 672 families are taking part in the county's garbage pickup service.
- Was made a motion to adopt a monthly fee of \$4.50 per household for garbage pickup.
- Was heard New Brockton Chief of Police Gordon Lucke complain of condition of Farm Center arena following events there; concluding:
- Was told work would begin on Wilkerson Watershed Project by March, 1980, at a total cost of over \$2 million.
- Was agreed to co-sponsor the Pond Creek Watershed Project (4000 acres in Coffee County);
- Was borrowed money to pay a \$3,157.92 bill for property appraisal work;
- Was appointed Marvin Carroll and Paul Jones to Pensions and Security Board for a 6-year term; and
- Was approved a request to pay bills only once a month.

Chappell Is Shot By Accident

Bobby Chappell, of the Stinson Community, was rushed to Elba General Hospital Tuesday shortly after Noon, with a gunshot wound from a 12-gauge shotgun. The eighteen-year-old young man was transferred to Flowers Hospital in Dothan Tuesday afternoon.

Chappell was apparently shot accidentally as he was cleaning his gun.

Elba Band Again Cops Honors

This past Sunday the Elba Marching Band competed for ratings in the Enterprise Marching Band Festival. The band was tremendously successful in that they made straight superior ratings in all categories entered, and they were definitely a crowd favorite. The band also brought home an extra trophy for third place in class C competition.

This was the first year in which Enterprise held a "Best in Class" competition. Three judges, who judge only the band, gave each band numerical ratings. The three scores were then averaged together for the overall score. The Elba band's overall score was 88.6. The band missed winning "Best in their Class" by only 7/10's of a point.

Most of the comments the band received were good. Some examples are . . . a nice-looking majorette line . . . "a really exciting color guard" . . . "this is truly an exceptional and superior marching organization" . . . and "I really like this show design."

According to Steve Thompson, the band director, "These comments are very nice; however, it's the critical points which are made that help us to improve what we do each week." The band will travel to Troy on Saturday, November 3, to compete in the "Southern States Marching Band Festival." According to Thompson, "This has always been an exceptionally difficult, but well-judged, contest, and we're really going to have to work hard to win this one."

The support we receive from the good citizens of Elba really helps in the band's preparation and performance to be the best.

Elba Council Adopts New Budget

The Elba City Council finally held a much-delayed meeting Tuesday night. The meeting had been regularly scheduled for last Tuesday, but councilmen having conflicts caused a postponement. Efforts to hold the meeting on Wednesday and again on Thursday failed for similar reasons. This week all members were present.

Adoption of a budget for the new fiscal year, and amending the old budget to conform with actual spending were the main items of business.

Most departments had exceeded the approved budget for the current year and the changes were required by law. The new budget proposal was presented to the council by Mayor Bob Folsom and reflected cuts in most departments. Folsom said this was to reflect an anticipated drop in taxes due to a recession.

Councilmen noted that sales tax was actually increasing and agreed the estimated income was too low. A motion by Councilman Wayland Sharpless to adopt the proposed budget with changes to allow for funding the hospital expansion up to \$75,000 a year, and to increase recreation to \$50,000 a year, was seconded by Councilman Jimmy Wise.

Councilman Dud English amended the budget motion to include \$37,000 for paving streets and the first of five annual payments on a building.

No action has been taken to actually purchase property for the library nor to do the street paving. This would come in separate motions and could possibly be deferred until later years.

Fire Chief Lloyd Driggers requested some equipment for the fire department and got approval from the Council. The items included fire hose, fire coats, fire hats, gloves, battery and a ten-foot heavy duty attic ladder, totaling \$879.55. He also asked that the city buy insurance on the army surplus 3/4-ton truck being equipped for use as grass fire. He noted a \$950 pump had been purchased for the truck using a \$750 state grant and \$200 of the department's money. The Council agreed to furnish the liability insurance for this truck on approval from the Council. The motion by Wise and seconded by Councilman Charles Kennett. The same motion also approved the purchase of the needed supplies.

A lengthy discussion over the hours of the men on the sanitation trucks, the dumping of trash, location of garbage cans, etc., resulted in a plea to the workers to "give us a few weeks to work this thing out."

Ray Price appeared before the Council and noted his crew was working many hours of overtime without pay. He said the low pay was compounded by the change to leaving the garbage cans in the back yards, and the town growing up.

Mayor Folsom interrupted to remind him of the time-and-a-half overtime they had been getting, but agreed he had stopped the practice until the Council met and approved. Price asked if the Council wanted to raise the pay or limit the crews to eight hours of work, regardless of how much of the route was finished.

Sharpless made a motion, seconded by English, that the men be paid for the hours worked for the next few weeks until the recently purchased garbage body could be put into use. A new body costing slightly over \$11,000 was to be put into use this week. The motion passed unanimously.

Councilman Cleo Hawkins asked for an explanation for the trash being hauled into Elba from all over the county. Folsom reported giving approval for some roofing being dumped from a house near Danley Crossroads and said the roofer lived in Elba and bought a license here. He denied any one registered letter from the State Health Department ordering an immediate halt to using the dump, but "we are still using it." He told of a meeting with a representative

Break-ins Hit Elba This Week

A rash of break-ins has hit the Elba area during recent weeks. The last two local businesses to be hit were the Dollar Store and the Big R Restaurant.

The Big R was victimized sometime over the weekend and about \$40 in cash was reportedly taken.

The Dollar Store lost about \$30 in a cash box and some store merchandise. Officer Leonard Cook discovered the break-in about 7:15 Tuesday morning.

No arrests have been made in either case, however, Police Chief Max Rayborn stated Tuesday that security has been increased with additional patrolling and extra officers at night.
